

# ATPT-1320: SAFETY STANDARDS FOR CONSTRUCTION (OSHA-10)

---

## Cuyahoga Community College

**Viewing: ATPT-1320 : Safety Standards for Construction (OSHA-10)**

**Board of Trustees:**

September 2025

**Academic Term:**

Fall 2025

**Subject Code**

ATPT - Appld Indus Tech - Painting

**Course Number:**

1320

**Title:**

Safety Standards for Construction (OSHA-10)

**Catalog Description:**

General instruction for occupational safety and health, including safety rules for fall protection, electrical work, scaffolding, ladders, confined spaces, personal protective equipment, and other trade-related safety procedures. OSHA-10 certification will be completed.

**Credit Hour(s):**

3

**Lecture Hour(s):**

3

## Requisites

**Prerequisite and Corequisite**

Admissions to Painting Technology apprenticeship program, or departmental approval.

## Outcomes

**Course Outcome(s):**

Follow general safety rules and procedures for working on a construction site.

**Objective(s):**

1. Explain the functions and operations of OSHA, ANSI, and other regulatory agencies.
2. Identify employer and employee responsibilities in training and at the job site and explain general safety work rules.
3. Describe and demonstrate the proper use of stilts, ladders, scaffolds, electrical equipment, and other painter related trade activities.
4. Identify and demonstrate use of personal protective equipment (i.e. respiratory protection, hearing conservation).

---

**Course Outcome(s):**

Complete OSHA-10 certification.

**Objective(s):**

1. Identify common safety and health hazards found on construction sites.
2. Discuss methods for avoiding/preventing common safety and health hazards when working on a construction site.
3. Demonstrate proper use of lock out/tag out procedures
4. Explain guidelines for safe forklift operation.
5. Discuss safety guidelines for working in confined spaces.
6. Discuss safety guidelines for working with scaffolding and ladders, including fall protection procedures.

**Methods of Evaluation:**

1. Quizzes
2. Exams
3. Classroom participation
4. Demonstration of project assignments

**Course Content Outline:**

1. Authorities and jurisdictions
2. Regulations and standards
  - a. Workers Compensation Board (WCB)
  - b. Workplace hazardous materials information systems: U.S. Department of Labor (USDOL)
  - c. American National Standards Institute (ANSI)
  - d. OSHA manuals 1926 Construction/1910 General Industry
3. Employer/employee responsibilities
  - a. Training, instruction, and programs
  - b. Job site
4. General safety rules and procedures
  - a. Personal safety
  - b. Machinery, tools, and equipment
  - c. Stilts
  - d. Ladders
  - e. Scaffolds
  - f. Electrical safety
  - g. Trade related safety precautions
  - h. Trade related injuries
5. OSHA-10
  - a. Introduction
  - b. Electrical
  - c. Fall protection
  - d. Fork lift and material handling
  - e. Confined space
  - f. Hazardous communication
  - g. Scaffolding/ladders
  - h. PPE/respiratory protection/hearing conservation
  - i. Lock out/tag out
  - j. Slips-trips-and falls

The Course Schedule is subject to change due to pedagogical needs, instructor discretion, parts of term, and unexpected events.
