### Required/Recommended Readings

There are no required/recommended readings outside of the cooperative work experience. As each student is employed in any number of accounting and/or finance related career positions, each student has a different coop experience. The work assignments, goals and purpose require reading material related to the job tasks the student is going to perform. Students are also responsible for completing these job tasks efficiently and accurately. The paperwork requirements of the course consist of various accounting of the hours and work completed, along with self-reflection of the cooperative work experience.
